USAGES

1. First evenly spread the grass type of medicine into the pot bottom.Then place one cluster after another of the grain type of medicine.
2. Pour amount of water that was specified by the Chinese medicine doctors and cover the pot.(Note: The water must at least exceed the entire thermal conductor located on the bottom of the pot.)
3. Before boiling, soak the herbal medicine in water for around 30 minutes . Then switch on the power supply for boiling.
4. During the decoction,you don t need to stir. Upon completion,the medicinal cooker will automatically turn to the keep warm function.
5. Do not keep the warm function on for more than 2 hours.The medicine materials may absorb the soup and decrease the medical effect.
6. Unplug the power supply, and pour out the soup and materials immediately.Clean the medicinal cooker with water.(Or for an easy clean purpose,pour water into the pot and let it soak for about 10 minutes before washing.) Please use a wet cloth or a sponge for cleaning.)Do not use a hard or rough material to clean the Stainless.
7. Wipe dry the inner part, and store it carefully.
8. You are able to use the medicine pot repeatedly.

REMARKS

After the completion of the decoction , Both light will switch automatically to the green light,the keep warm mode. If no soup or liquid comes out when pouring,please make self-exmination by the following steps:

1. Without putting into the medicine materials, add only the water until exceeding the thermal conductor.
2. Switch on the power supply for starting.
3. When the water level is below the thermal conductor, and the medicinal cooker will switch automatically from the red light to the green, the cooker is still functioning properly. Please repeat the above usage steps.
